

My 1st Grade Tower Garden® Journal

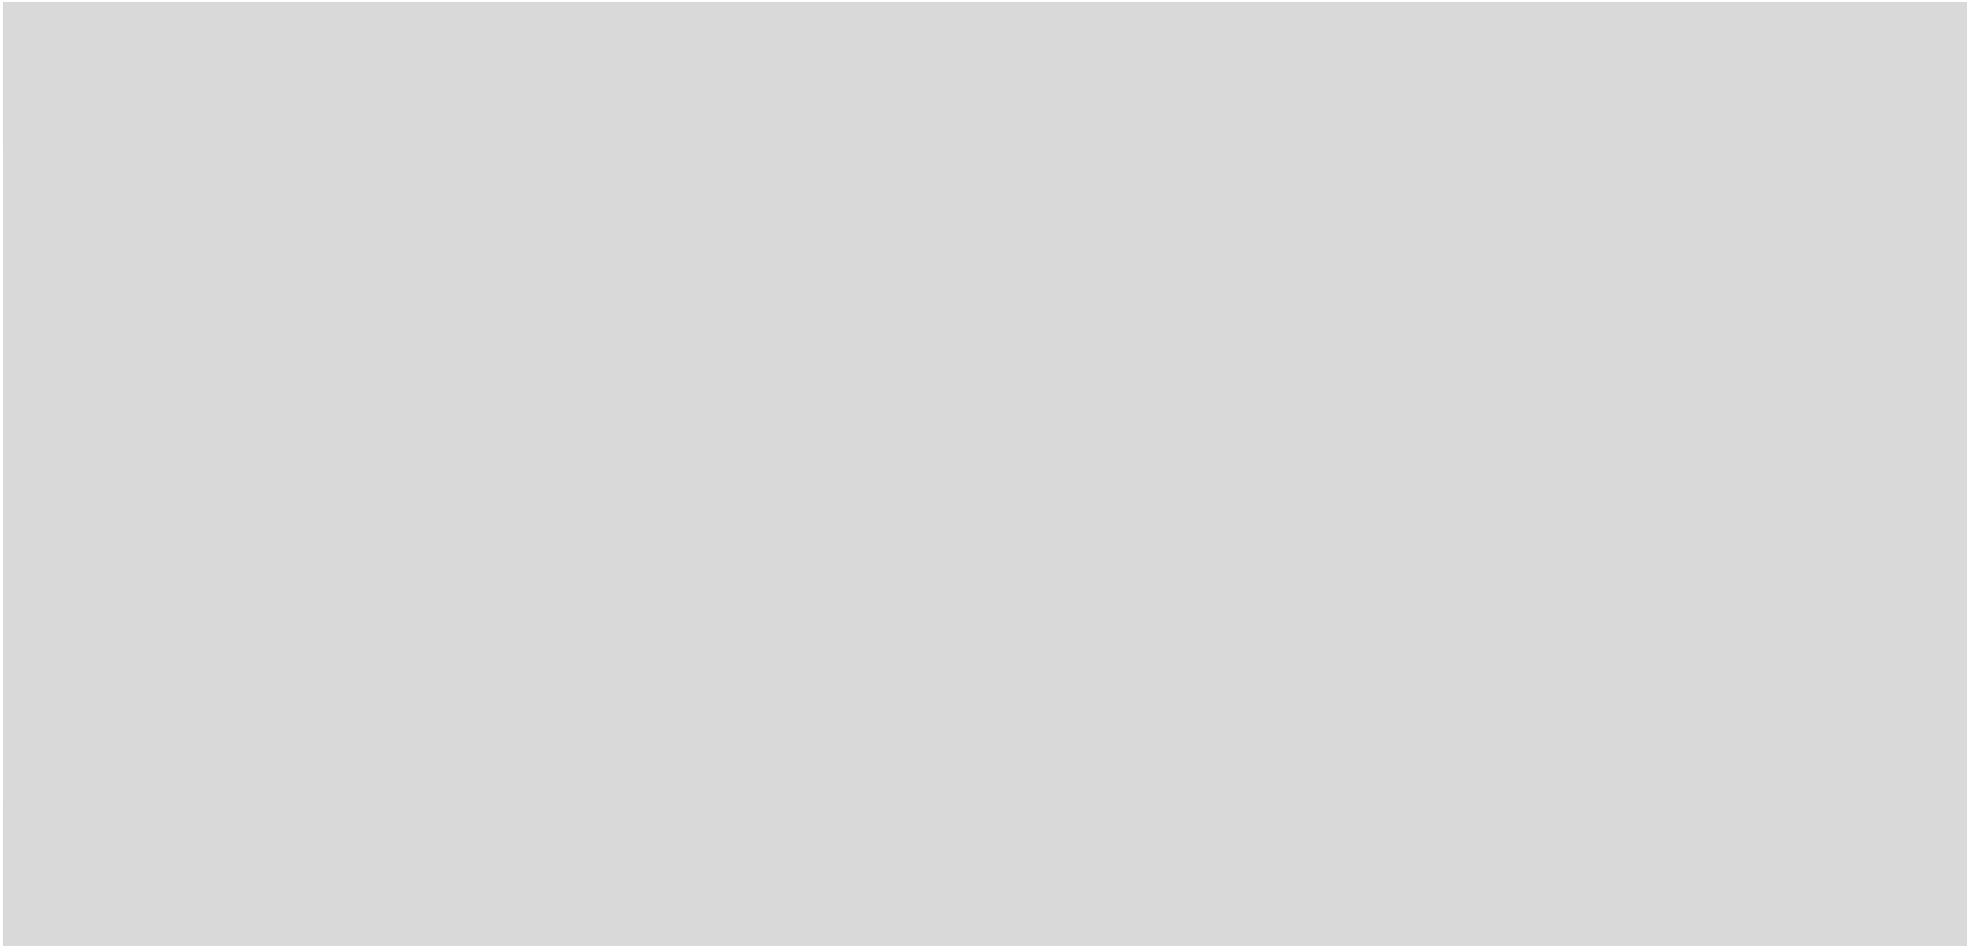

My Name _____

Building the Tower Garden

Turn paper sideways and draw a picture of the Tower Garden.
Number the ports from 1-28 and the pieces from 1-7.

Planting the Seeds

Record your plant growth research here.

A large, empty gray rectangular area intended for recording plant growth research.Three horizontal lines with rounded ends, intended for writing.

Plants are Different

Plot on the graph which lettuce you think you'll like the best and the least

What a Plant Needs

What do you think the covered lettuce
will look like next week?

The Design of the Tower Garden

Write a description of how the plants get water in the Tower Garden.

Handwriting practice lines consisting of six horizontal black lines, each with a solid black dot at the left end and a solid black dot at the right end.

The Design of the Tower Garden

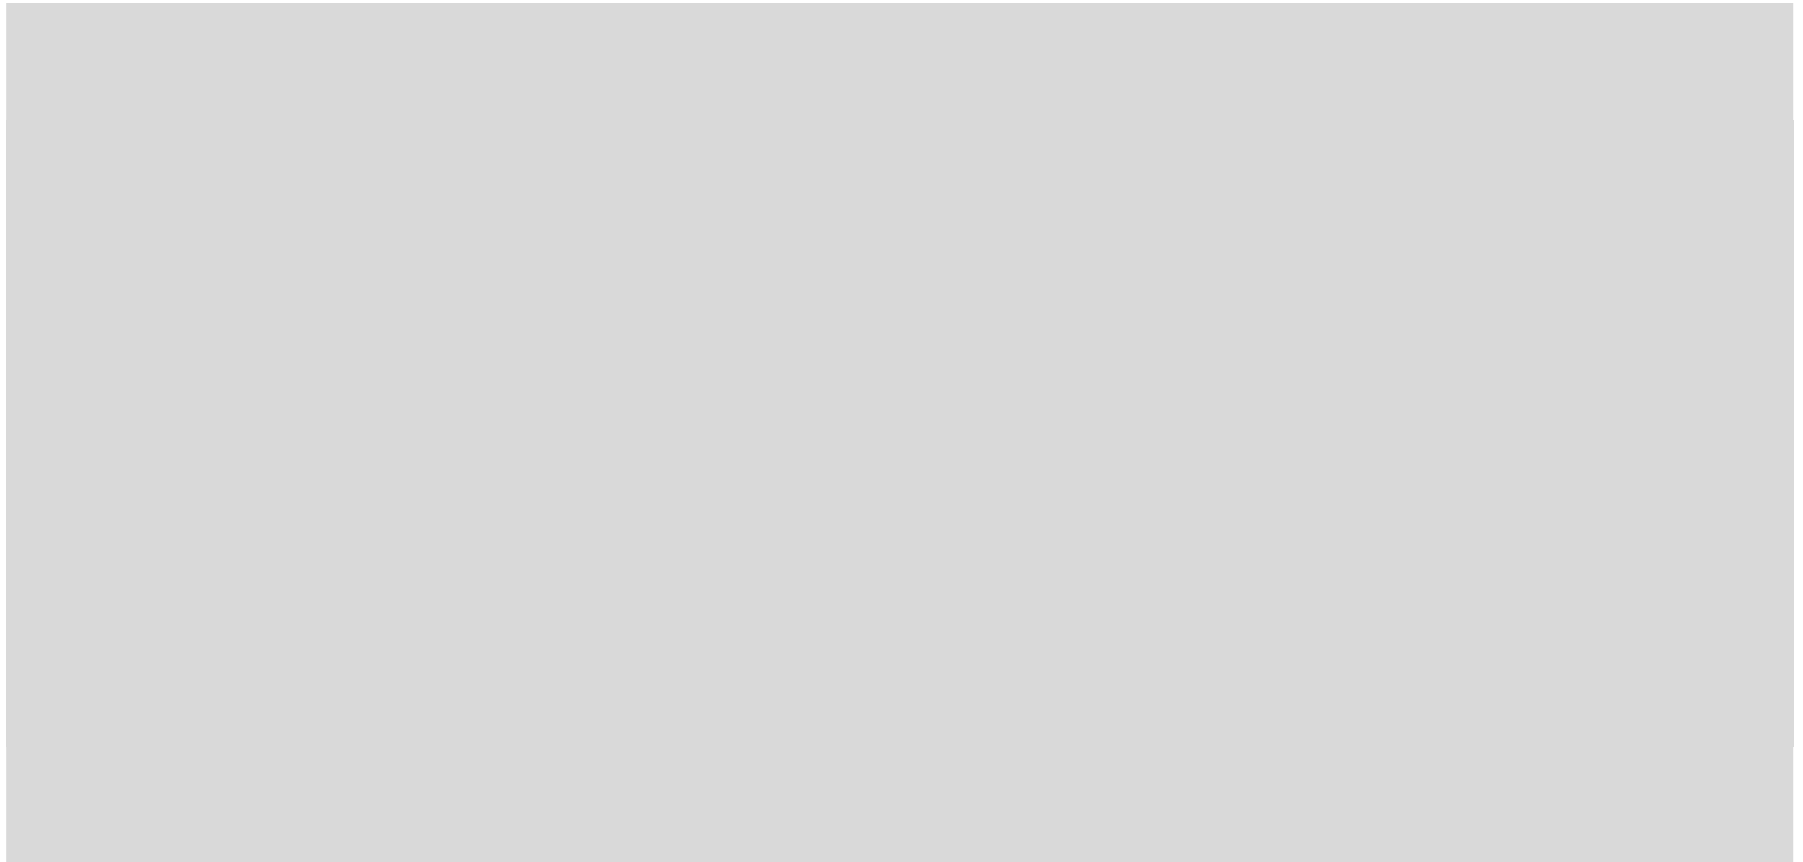

Draw a picture of how the plants get water in the Tower Garden.

Different Growing Systems

Draw an aeroponic growing system on the left and a hydroponic growing system on the right.

Different Growing Systems

Describe the difference between an aeroponic, hydroponic, and aquaponic system.

Handwriting practice lines consisting of six horizontal black lines with circular end caps.

Salad Party Day

What did you like or not like about the lettuce?

Eight horizontal lines for writing, each starting with a black dot on the left and ending with a black dot on the right.

Need Help?

Thank you for using this journal.

If you need help or supplies for your Tower Garden and don't have a distributor, email me at steve@keepitwatered.com
